- Promotes longer belt life
- Less maintenance
- Best value in the industry

SUPER SEAL DOUBLE LIP SKIRTING

- Best sealing skirting available
- The most durable
- Fewer changes
- Less clean up
- Best value for your money

GORILLA

IMPACT / SLIDER BARS

HOLZ Gorilla bars are built to take the stress and impact generated in the transfer area on a conveyor system. Premium virgin, ultra high molecular weight polyethelene (UHMW) at the belt contact area, provides a very low coefficient of friction which extends the life of the bars and belt. The underlying materials are of a high quality, 50 durometer SBR and the heaviest aluminum support channel available, truly make it the toughest bar on the market.

HOLZ Gorilla Impact / Slider bars are available in 48" and 60" lengths. Bars come complete with mounting hardware, 4 bolt assemblies with the 48" bars and 5 bolt assemblies with the 60" bars.

Part Number	Description
480-54348	3 x 4 x 48" with 3/8" thick UHMW top - Standard
480-54352	3 x 4 x 60" with 3/8" thick UHMW top - Standard
Extra T-Bolt Assemblies are Available Including Nuts and Washers	
480-54401	3/4" dia. x 60mm long - (3/4" dia. x 2 ³ / ₈ " long, approx.)

SUPER SEAL

DOUBLE LIP SKIRTING

HOLZ Super Seal, Double Lip Skirting is available in 6" or 8" widths, 39" or 33' lengths. The double lip skirting design ensures a totally sealed transfer area when properly installed with the super seal mounting assembly.

The super seal mounting assembly requires no tools to adjust the skirting. Adjustments are done quick and easy with a twist of the camlock handle.

Part Number	Description
480-47006	Double Lip Skirt Rubber - 6" x 39" Section
480-47008	Double Lip Skirt Rubber - 8" x 39" Section
480-47633	Double Lip Skirt Rubber - 6" x 33' Rolls
480-47833	Double Lip Skirt Rubber - 8" x 33' Rolls
